

Visiting family?

We love to be with our family and friends, we visit and stay in their house so we can spend time together. But what are the rules? How to be a good visitor? Here are some great tips to be a good visitor:

Hi aunty, can I come to your place next week please? I plan to stay for a week.

Hi nephew, sure! Who else is coming with you?

Call them before you visit, ask them if it's okay to stay. Who is going with you and how many days will you stay?

Hi Aunty!!!

Welcome!

Take turns to visit, Housing mob won't let too many visitors in the house and it could put family in trouble

Follow the community rules and get along with the neighbours. Don't let our family get in trouble because of us visitors.

Respect everyone in the house and follow the house rules.

Let me help you wash the dishes aunty!

Thank you!!!

Keep the house tidy and clean. Put rubbish in the bin.

Hi aunty, I bought something for dinner

Help our family by: buying some food, paying the rent and electricity, cleaning the house.

Sorry... I am turning it off now

O! turn down the music please...

Keep noise down, especially at night.

Hi, ...my nephew will stay with me for 2 more weeks ...

If we stay for more than two weeks, we need to let the housing mob know.

If we are being good visitors, our family will be happy, the house will be in order, and the housing mob will be happy. Our family will welcome us again next time when we visit them.
